November 24, 2020

HVAA Families,

We are committed to continue offering youth sports and activities safely. However, HVAA's **In-House Basketball program has been postponed**, as we are unsure about whether we are going to hold an In-House Basketball program this winter. If HVAA can reconvene with our In-House Basketball program, we will offer an abbreviated season. We have no further information on what a possible season may look like.

In mid-January 2021, HVAA will convey an update on the status of our program. We will continue to provide all communication updates on our website at <http://www.hvaa.net/basketball> and through email. We thank you again in advance for patiently waiting for our decision as we navigate through the most challenging of times.

Thank you,

Bob Santora
Director of Basketball HVAA
